

To see the world impacted for Jesus Christ through the influence of coaches and athletes.

2nd Annual Football Clinic

On July 11, Carroll County FCA hosted its second annual youth football clinic.

Approximately 30 4th through 8th grade students attended the clinic at Deer Park fields. The students learned various football skills from top area college and high school coaches and athletes. What an awesome way to start the football preseason!

Kutztown Camp 2015

This week I had the privilege of attending the FCA Kutztown Camp for the first time. I was blown away by how God was moving in this camp. I coled a huddle of 9 volleyball campers and watched as 7 of them either gave their life to Christ for the first time or rededicated their lives to him. As a huddle leader I was also able to witness literally hundreds of kids going up to the altar and accepting Christ for the first time on Wednesday night. This camp was truly transformational for so many students and I am blessed to have been a part of it.

Sarah (Summer Intern)

1st Annual MD FCA Volleyball Camp

This summer the FCA Bravehearts and the FCA Maryland Volleyball Club hosted their first volleyball camp at Westminster Baptist Church. The camp was open to Beginner and Intermediate/Advanced volleyball players in middle-school and high-school. Approximately 35 girls attended the camp, and several guest speakers from the community were featured. This camp was a great kick-off!
